Douglas

Dear Janna

Re: Relay For Life 2014

I just wanted to write to say a huge personal thank you so much to you for looking up our event and the very kind offer and donation of fruit and water for our event. The participants were absolutely delighted to be provided with trackside donations to keep them going.

I hope by now you've heard that we managed to raise a total on the day of £53,166, and we are still seeing donations, sponsorship and matched funding flooding in so we hope to reach our target of £65,000, to better our final total last year of over £63,000 for Cancer Research UK.

I am delighted to say that it is thanks to our wonderful community and the kindness of individuals and just like you that we continue to grow this event and the fundraising levels year on year. We try and add a little something each year, and so anything that local businesses can do to support us is very gratefully welcomed.

On that note, we would love for you to join us at our Thank You Party on 17th October 2014, at the Masonic Hall in Douglas at 7pm. We will be presenting awards to our participants to congratulate special Relay successes, and seeing a very special video presentation of the day, with some entertainment to close the evening, with a launch of our 2015 campaign. If you would like to come along (with a guest if you wish) I would be grateful if you could confirm by e-mailing me at nicola@relay.co.im or by post to the above address by no later than 20th September 2014 as it would be great to celebrate with you and thank you again personally. I have sent a separate letter to Robinsons 'HQ' on Cooil Road, and if any of the directors or a couple of members of your team would like to join us to hear more about Relay and celebrate with us, you would be more than welcome.

Many thanks again for your support, for which we are truly very grateful.

With very best wishes,

Nicola Walkingshaw
